1 Contents of this meeting

- Completed from last meeting.
- Any issues?
- What to do until next meeting.

2 What has been completed

Tasks from 2016-03-03

- ~~Produce a design in Photoshop.~~ // Philip **(Completed)**
- ~~Produce HTML and JSF templates. For the main page.~~ // Philip **(Completed)**
- ~~Produce BackingBeans. Hook them to EJBs.~~ **(Rescheduled)**
- Produce querys that search for hotels & returns them. // Hossein **(Almost finished)**

3 Issues

Daniel made some attempts at creating a PSD layout but did not complete anything. So Philip took upon him self to create a layout instead, as it was crucial for the groups development. Including the JSF pages and templating.

Therefor the queries job was handed over to Hossein instead.

4 Todo until next meeting

Next meeting scheduled at 2016-03-10.

Todo

- Continues to work on UI & Backing Beans // Philip
- Produce more JSF pages, for hotels etc. // Daniel
- Continues to work on queries // Hossein
